Adaptive Digital Defenses

Adaptive Digital Defense (ADD) the new approach to security + privacy + resilience protection

Adaptive Digital Defenses

ADD approach provides new places + techniques + tools to protect people, process, technology and data

Adaptive Digital Defenses use new advanced and adapted change control to track and monitor how users and system use and move data around the network.

By enforcing data and behavioral control checks in the path where users use information and systems transfer data, adaptive digital defenses make existing controls more effective and provide new ways to protect the digital experience.

You are free to:

Share — copy and redistribute the material in any medium or format

Adapt — remix, transform, and build upon the material

for any purpose, even commercially. The licensor cannot revoke these freedoms as long as you follow the license terms.

Under the following terms:

Attribution — You must give appropriate credit, provide a link to the license, and indicate if changes were made. You may do so in any reasonable manner, but not in any way that suggests the licensor endorses you or your use.

ShareAlike — If you remix, transform, or build upon the material, you must distribute your contributions under the same license as the original.

No additional restrictions — You may not apply legal terms or technological measures that legally restrict others from doing anything the license permits.

Notices:

You do not have to comply with the license for elements of the material in the public domain or where your use is permitted by an applicable exception or limitation.

No warranties are given. The license may not give you all of the permissions necessary for your intended use. For example, other rights such as publicity, privacy, or moral rights may limit how you use the material.

No warranties regarding the work under this license is provided, any materials licensed under these terms and conditions, or any related information to this work. The licensor disclaims all liability for damages resulting from the use of this work to the fullest extent possible.

We'd love to hear from you (ADD-cc@daveinthecity.uk).
